

## Technical Data Sheet

### FALKRON Brake Cleaner, 500ml

**Brake cleaner** is a powerful cleaner/degreaser for brake and clutch parts. It is formulated to quickly and safely remove brake fluid, grease, oil and other contaminants from brake and clutch parts. Brake Cleaner helps brakes last longer and perform better.

#### FEATURES

- Quick drying
- Leaves no residue
- Effectively removes brake fluid, grease and oil.

#### APPLICATIONS

- Brake Linings
- Cylinders
- Disc Brake Pads
- Drums
- Springs
- Clutch Discs

#### TECHNICAL DATA

|                         |                                  |
|-------------------------|----------------------------------|
| Appearance              | : Clear liquid spray             |
| Base                    | : Oil based                      |
| Odor                    | : Mild solvent odor              |
| Density                 | : approx. 0.53 g/cm <sup>3</sup> |
| VOC Content             | : 10%                            |
| Solubility              | : Insoluble in water             |
| Application temperature | : 5 ° C → 35 ° C                 |

#### DIRECTIONS

- Spray until clean and allow cleaner to run-off.
- Do not use on energized equipment.
- Allow to dry thoroughly and vent before reactivating system.
- Follow routine maintenance schedule for prolonged equipment life and increased performance.

## **STORAGE**

The product may be stored at normal ambient temperatures and has a shelf life of not less than 24 months with correct storage. Aerosols should always be stored below 50°C, away from direct heat and naked flame.

## **HEALTH AND SAFETY RECOMMENDATIONS**

Use only in well-ventilated areas. In case of contact eyes, wash immediately with plenty of water.
